

**DESIGN:**

- Precision made knife holder for easy and accurate knife positioning
- Precision ground reversible knives

**APPLICATION:**

- For surface planing of solid wood
- Can be fitted into any planing toolheads and jointer heads
- On surface planers, jointers, four sided planers and moulders

**For Planing Heads & Jointing Heads**

Reduction of cost is one of the major features of our double-edged knife system. The price of double-edged knives is lower than re-usable knives, and the knife holder is a non-recurrent investment easily amortised by the savings of knife cost.

Knife cost is cut to 80% and set-up is decreased by 400%.  
More detailed instructions are available with separate brochure.
